

RaceDay Part 1 Final Checklist

Repository

- [x] GitHub repository created
- [x] [README.md](#) present
- [x] docs folder created
- [x] .github/workflows folder created

ERD

- [x] Six entities included
- [x] Attributes defined
- [x] Primary keys identified
- [x] Foreign keys identified
- [x] Relationships shown
- [x] Cardinality shown
- [x] ERD exported to PDF

SQL Database

- [x] Six database tables created
- [x] Primary keys implemented
- [x] Foreign keys implemented
- [x] NOT NULL constraints applied where required
- [x] UNIQUE constraints applied where appropriate
- [x] DEFAULT constraints applied where appropriate
- [x] Sample EventTypes inserted
- [x] Two Organisers inserted
- [x] Two Participants inserted
- [x] Three Events inserted
- [x] Categories inserted for the Events

- [x] Sample Enrolments inserted
- [x] Sample Results inserted
- [x] Complete SQL script tested from a clean database
- [x] Verification query completed successfully

API Plan

- [x] Authentication endpoints
- [x] User Profile endpoints
- [x] Event endpoints
- [x] Category endpoints
- [x] Enrolment endpoints
- [x] Result endpoints
- [x] HTTP Method documented
- [x] Route documented
- [x] Description documented
- [x] Role documented
- [x] Request body documented
- [x] Expected response documented

GitHub Actions

- [x] Part 1 workflow created
- [x] Required files validated
- [x] Green build achieved
- [x] Green-build screenshot added to README

Remaining Submission Item

- [] Record Part 1 video
- [] Upload video to YouTube as Unlisted
- [] Add YouTube link to README
- [] Perform final GitHub repository check
- [] Submit GitHub repository link on ARC
